

Szilágy megye településeinek felekezeti adatai

1850-2002

Jelmagyarázat

1992: Az evangélikusok oszlopában az ágostai hitvallású, illetőleg a zsinat-presbiteri evangélikus-lutheránus egyház hívei külön rovatban szerepelnek; az utóbbiak számát * jel különbözteti meg.

A bukaresti statisztikai hivatal által rendelkezésre bocsátott 2002. évi helységenkénti adatsorok az 5 főt meg nem haladó entitások számát adatvédelmi okokból nem tartalmazzák. E számok a községi összegzések és a települési részletezések egybevetésével többnyire kikövetkeztethetők, ahol ez nem volt lehetséges, hiányukat [...] jelzi.
